**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Board of Supervisors
County of San Bernardino, California

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of San Bernardino, California (County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 26, 2008. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the San Bernardino County Flood Control District, the County of San Bernardino Redevelopment Agency and First Five of San Bernardino County for the year ended June 30, 2008, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County in a separate letter dated November 26, 2008.

This report is intended solely for the information and use of the Board of Supervisors, County management, the Audit Committee, and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM, INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133,
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND SUPPLEMENTAL
SCHEDULE, AND THE SUPPLEMENTAL SCHEDULE OF OFFICE OF
CALIFORNIA STATE DEPARTMENT OF AGING GRANTS**

Board of Supervisors
County of San Bernardino, California

Compliance

We have audited the compliance of the County of San Bernardino, California (the County), with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

The County's financial statements include the operations of the Child Development Program, which expended \$39,760,183 in federal awards, which are not included in the schedule during the year ended June 30, 2008. Our audit described below did not include the grant programs of the Child Development Program because the County engaged other auditors to perform such audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2008-01, 2008-02, 2008-03, 2008-05, 2008-06 and 2008-07.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the County's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2008-02, 2008-03, 2008-04, and 2008-06 to be significant deficiencies.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control. We did not consider any of the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on them.

Schedule of Expenditures of Federal Awards and Supplemental Schedule

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2008, and have issued our report thereon dated November 26, 2008. We did not audit the financial statements of the San Bernardino County Flood Control District, the County of San Bernardino Redevelopment Agency and the Children and Families First Commission of San Bernardino County for the year ended June 30, 2008. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as it relates to the amounts included for the San Bernardino County Flood Control District, the County of San Bernardino Redevelopment Agency and the Children and Families First Commission of San Bernardino County, are based on the reports of the other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. The Supplemental Schedule of Office of California State Department of Aging Grants is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Award and Supplemental Schedule have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Supervisors, County management, the Audit Committee, and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2008

NOTE #1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of the County of San Bernardino, California (the County), except for those programs operated by the Child Development Department, which were audited by other auditors engaged by the County. The aforementioned program is included in the County's financial statements; however, excluded from the Schedule of Expenditures of Federal Awards. A separate single audit report is issued for the Child Development Department. Federal awards received directly from federal agencies, as well as, federal awards, passed through the State of California and various agencies are included in this schedule. The County's reporting entity is defined in Note 1 to the County's financial statements.

B. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting except for programs recorded in the County's enterprise funds, which are presented using the accrual basis of accounting, which is described in Note 2 to the County's basic financial statements.

C. Relationship to Basic Financial Statements

Amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements.

Federal award revenues are reported principally in the County's financial statements as intergovernmental revenues in the General and Special Revenue Funds.

D. Relationship to Federal Financial Reports

Amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, with the amounts reported in the related federal financial reports.

E. Pass-Through Entities' Identifying Number

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County has determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

NOTE # 2 - OUTSTANDING LOANS OF FEDERAL FUNDS AT JUNE 30, 2008

At June 30, 2008, outstanding loans under the United States Department of the Interior, Bureau of Reclamation - Reclamation and Water Reuse Program and United States Department of Agriculture are \$6,000,000 and \$1,911,600 respectively.

JUNE 30, 2008

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

The following findings represent significant deficiencies, material weaknesses, and/or instances of noncompliance including questioned costs that are required to be reported by OMB Circular A-133.

Finding 2008-01

Program: Community Development Block Grant

CFDA No.: 14.218

Federal Agency: Department of Housing and Urban Development (HUD)

Award Year: 2007-08

Compliance Requirement: Reporting

Criteria:

The Federal compliance requirement states that SF-272s, the Federal Cash Transaction Report, must be submitted within 15 working days of the end of each of quarter (i.e. January 22nd, April 21st, July 21st, and October 20th).

Condition Found:

Instance of Non-compliance - It was noted that the first and fourth quarter required SF-272s were not submitted within the required timeline during the fiscal year 2007-08.

Questioned Costs:

None

Context:

The condition noted above was identified during our testing procedures over the reporting compliance requirement.

Cause:

At the time the report was due key personnel were unavailable to complete and submit the required 1st and 4th quarter report in a timely basis

Effect:

The untimely reporting of costs to HUD results in noncompliance with the requirements set forth in the contractual agreement between the County of San Bernardino and HUD.

Recommendation:

We recommend that the County implement procedures to ensure all reports are submitted timely as required by HUD.

Finding 2008-02

Program: Community Development Block Grant

CFDA No.: 14.218

Federal Agency: Department of Housing and Urban Development

Award Year: 2007-08

Compliance Requirement: Subrecipient Monitoring

Criteria:

The *March 2008 OMB Circular A-133 Compliance Supplement* requires a pass through entity to be responsible for:

- *Award Identification* – At the time of the award, identifying to the subrecipient the Federal award information (e.g., CFDA title and number, award name, name of Federal agency) and applicable compliance requirements.
- *During-the-Award Monitoring*- Monitoring the subrecipient's use of Federal awards through reporting, site visits, regular contact, or other means to provide reasonable assurance that the subrecipient administers Federal Awards in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.

Condition Found:

Significant Deficiency - Instance of Non-compliance - As a result of our audit during FY 2007-2008, we noted the following based on our testing performed over subrecipient monitoring:

- The subrecipient agreements do not identify the CFDA title and number
- Of the sample of 15 subrecipients, 11 were for public service grants and of the public services grants 11 did not have evidence in the file of on-site monitoring. In Fiscal year 2008 there were a total of 91 public services projects that received \$1,024,340 in funding.

Questioned Costs:

None

Context:

The condition noted above was identified during our testing procedures over subrecipient monitoring.

COUNTY OF SAN BERNARDINO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, CONTINUED

JUNE 30, 2008

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Cause:

The *Award Monitoring* did not occur during fiscal year 2007-2008 for public services due to the lack of staffing.

The *Award Identification* within the contract agreement between the County and the subrecipient(s) are not prepared in accordance with *OMB Circular A-133 Compliance Supplement*.

Effect:

The County increases its risk of noncompliance with subrecipient monitoring requirements set forth in *OMB A-133 Compliance Supplement*. Additionally, subrecipients might not be aware that part of the funding they are receiving is Federal funding, which may require the subrecipient to have a Single Audit performed.

Recommendation:

We recommend that contracts with subrecipients further describe the specific source of funding (e.g., the CFDA title and number) they are receiving in order to comply with subrecipient monitoring compliance. In addition we recommend that subrecipient monitoring is enforced and performed during each fiscal year.

Finding 2008-03

Program: Community Development Block Grant

CFDA No.: 14.218

Federal Agency: Department of Housing and Urban Development

Award Year: 2007-08

Compliance Requirement: Cash Management/Period of Availability

Criteria:

Per 24 CFR 570.504 "program income in the form of repayments to, or interest earned on, a revolving fund as defined in 570.500(b) shall be substantially disbursed from the fund before additional cash withdrawals are made from the U.S treasury for the same activity. Substantially all other program income shall be disbursed for eligible activities before additional cash withdrawals are made from the U.S Treasury."

COUNTY OF SAN BERNARDINO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, CONTINUED

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Condition:

Significant Deficiency - Instance of Non-compliance - As a result of our testwork, we noted the County is drawing down entitlement funds prior to depleting the current available resources collected directly by the County. Further, the incorrect reporting of available resources could result in program income funds held in excess of the period of availability. In addition, due to the period of availability compliance issues the possibility exists that grant funds could be disallowed and/or repayment required of Federal resources.

Questioned Costs:

None

Context:

The condition noted above was identified during our testing procedures over cash management.

Cause:

The use of program income is not being utilized prior to the draw down of entitlement funds.

Effect:

The County increases its risk of noncompliance with cash management requirements set forth in *OMB A-133 Compliance Supplement*.

Recommendation:

We recommend that the County develop cash management procedures to ensure that program income is used prior to the request for entitlement funds.

Finding 2008-04

Program: Temporary Assistance to Needy Families and Food Stamps

CFDA No.: 93.558 and 10.551, 10.561

COUNTY OF SAN BERNARDINO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, CONTINUED

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Criteria:

OMB Circular A-133, Sub-part C, Section 300, Part b, states that the auditee is responsible for "Maintaining internal control over Federal programs that provide reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Internal control means a process, developed by the entity's management and other personnel, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (1) Reliability of financial reporting; (2) Compliance with applicable laws and regulations; and (3) Effectiveness and efficiency of operations.

The fiscal year 2008 grant agreement with the State of California requires that the County submit the County Expense Claim (CEC) for program administrative costs to the State of California on a quarterly basis for reimbursement.

Condition:

Significant Deficiency - The County submits the CEC for program administrative costs to the State of California on a quarterly basis for reimbursement. Caseworkers complete time study forms, which are compiled into a time study summary report that is used to allocate the payroll expenditures to the various federal programs in the CEC. Of the 80 employee time study transactions selected from the quarterly time study reports for test work, we noted 14 transactions whereby the employee's Time and Labor Report (TLR) did not agree to the quarterly time study summary reports. The TLR is completed and signed by the employee and reviewed and signed by a supervisor each pay period. We noted instances where the employee's total allocable and nonallocable hours per the time study summary report did not agree to the TLR.

Questioned Costs:

None, as it appears that the County is undercharging hours to the programs based on our test results.

Context:

The condition noted above was identified during our testing procedures over the programs allowable costs.

Cause:

The appropriate level of monitoring was not administered by the department, sufficient to prevent, detect and correct the discrepancies between the time reported for the CEC and the time card prepared by the County employees.

Effect:

As a result of these discrepancies, the ratios used to allocate payroll expenditures to the various federal programs in the CEC, which are derived from the data in the time study summary reports, may be inaccurate.

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Recommendation:

The County has implemented a formal monitoring plan, including sampling time studies throughout the year. We recommend that the County review the current preparation process for the quarterly time summary reports and implement stronger reconciliation and management review procedures of the time card and the time study reports in order to ensure the accuracy of the time study summary reports. This preventive control will help ensure that the amounts claimed for reimbursement for each of the federal programs included in the CEC are accurate. In addition, we recommend the County review the effectiveness of its formal monitoring plan.

Finding 2008-05

Program: Food Stamps

CFDA No.: 10.551, 10.561

Federal Agency: Department of Agriculture

Passed-Through: California Departments of Social Services

Award Year: 2007/2008

Compliance Requirement: Eligibility

Criteria:

The *Office of Budget and Management (OMB) OMB Circular A-133* requires that the County determine the eligibility of program participants based on several requirements including, but not limited, financial eligibility. To facilitate the eligibility determination the County utilizes the following:

- 1) A program application, referred to as a SAWS1, which must be signed by the applicant and retained in the participant's file.
- 2) A statement of facts, referred to as a SAWS2, which must be signed by the applicant and retained in the participant's file.
- 3) Form DFA 285-A1, used for recertification and required to be retained in the participant's file.
- 4) QR-7 reports are submitted by the participants on a quarterly basis to report any changes in income, housing, or status. These reports are required to be retained in the participants' file.
- 5) The County utilizes the Income and Eligibility Verification System (IEVS) to verify eligibility using wage information available from such agencies as the agencies administering State unemployment compensation laws, Social Security Administration, and the Internal Revenue Services to verify income eligibility and the amount of eligible benefits. The State of California has used IEVS since 1987 to verify income information received from applicants and recipients.

Condition:

Instance of Non-compliance - Of the 40 case files selected for testwork, we noted the following:

- 1) We noted 1 file did not contain the IEVS report.

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Questioned Costs:

Questioned costs of \$160 represent the benefit payments for the individual transaction noted above.

Context:

The condition noted above was identified during our examination of the County's participant case files of the Food Stamps program.

Cause:

The County's procedures did not ensure that the proper program document (IEVS) was present in the participant case file.

Effect:

The County increases its risk of non-compliance with eligibility requirements set forth in *OMB A-133 Compliance Supplement*.

Recommendation:

We recommend that the County implement procedures to ensure that the proper program documentation is obtained and imaged/stored in all of the participants' electronic case files. This will ensure federal compliance as it relates to eligibility requirements.

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Criteria:

The *March 2008 OMB Circular A-133 Compliance Supplement* requires a pass-through entity to be responsible for:

- *Award Identification* – At the time of the award, identifying to the subrecipient the Federal award information (e.g., CFDA title and number, award name, name of Federal agency) and applicable compliance requirements.
- *During-the-Award Monitoring* - Monitoring the subrecipient's use of Federal awards through reporting, site visits, regular contact, or other means to provide reasonable assurance that the subrecipient administers Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.
- *Subrecipient Audits* - (1) Ensuring that subrecipients expending \$500,000 for fiscal years ending or more in Federal awards during the subrecipient's fiscal year have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the subrecipient's audit period, (2) issuing a management decision on audit findings within 6 months after receipt of the subrecipient's audit report, and (3) ensuring that the subrecipient takes timely and appropriate corrective action on all audit findings. In cases of continued inability or unwillingness of a subrecipient to have the required audits, the pass-through entity shall take appropriate action using sanctions.

Condition:

Significant Deficiency - Instance of Non-compliance – As a result of our testwork over subrecipient monitoring compliance, we noted that the agreements between the County and the providers (subrecipients) did not identify the CFDA title and number as required by *OMB Circular A-133*. In addition, we noted the County is required to perform both program and fiscal monitoring of subrecipients to ensure compliance. As a result of our audit procedures, we noted the County performed programmatic monitoring procedures without exceptions. However, we noted the County did not perform fiscal monitoring procedures for three of the four subrecipients. In addition, it was noted that the County did not obtain single audit reports from three of the four subrecipients.

Questioned Costs:

None

Context

The conditions noted above were identified during our examination of the County's contracts/agreements and monitoring files with subrecipients. The County's fiscal monitoring procedures consist of annual on-site visits and single audit report collection and review.

Cause:

The County did not maintain procedures to ensure that the CFDA title and number, award name and Federal agency were identified in the formalized agreements executed with subrecipients. In addition, the County did not consistently follow its procedures to complete fiscal monitoring procedures in a timely manner:

COUNTY OF SAN BERNARDINO, CALIFORNIA

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Effect:

The subrecipient agreements do not specifically identify the CFDA title and number, award name and Federal agency. Accordingly, subrecipients may not be aware that they have received Federal funding, which might require the subrecipient to have a Single Audit performed.

Recommendation:

We recommend the County strengthen its policies and procedures to ensure that Federal award information (e.g., CFDA title and number, award name, name of Federal agency) and applicable compliance requirements are included in sub-recipient agreements. We also recommend the County strengthen its fiscal monitoring procedures to ensure that the subrecipients administer Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements.

Finding 2008-07

Program: Mental Health Services Block Grant

CFDA No.: 93.958

Federal Agency: Department of Health and Human Services

Passed-through: State of California Department of Mental Health

Award Year: 2007-2008

Compliance Requirement: Allowable Costs

Criteria:

Budgets for each program are submitted to and approved by the State of California Department of Mental Health. These budgets provide a detail of the award, classified by staff position, consultant cost, equipment, supplies, travel, other, and administrative expenses as applicable. The County is responsible for ensuring a sufficient amount of allowable costs are incurred in relation to each approved budget item.

Condition:

Instance of Non-Compliance - Based on the detail of expenditures provided, the County incurred an insufficient amount of expenditures in 2 of the 8 programs. The 2 programs noted had actual costs for 4 positions that were less than the awarded amount. The total of the award for these positions was \$230,104 and the actual expense incurred was \$98,273. Because these positions were awarded in various Full Time Equivalent percentages, the difference between the amount awarded and the amount eligible to claim was \$164,671, which was received and claimed by the County.

III. FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS, CONTINUED

Questioned Costs:

\$164,671 represents the difference between total awarded amounts based on the State approved budgets and actual expenditures incurred based on the supporting documentation provided by the County.

Context

The condition noted above was identified during our examination of the County's compliance with allowable cost provisions.

Cause:

The County did not perform procedures to ensure compliance with certain allowable cost provisions.

Effect:

Support for the costs claimed by the County could not be provided.

Recommendation:

We recommend that the Department properly identify program costs that are charged to the SAMHSA grant and those that are paid for by other sources. A process should be established whereby any costs charged to a grant or multiple grants are properly identified, documented and included in the worksheet in order to properly calculate and monitor allowable costs against the State approved contract. This will help ensure that the quarterly and annual reports submitted to the State are properly supported and the supporting documentation clearly identifies those expenses that are charged to the grant.
